

# European Compliance Platform (ECP)

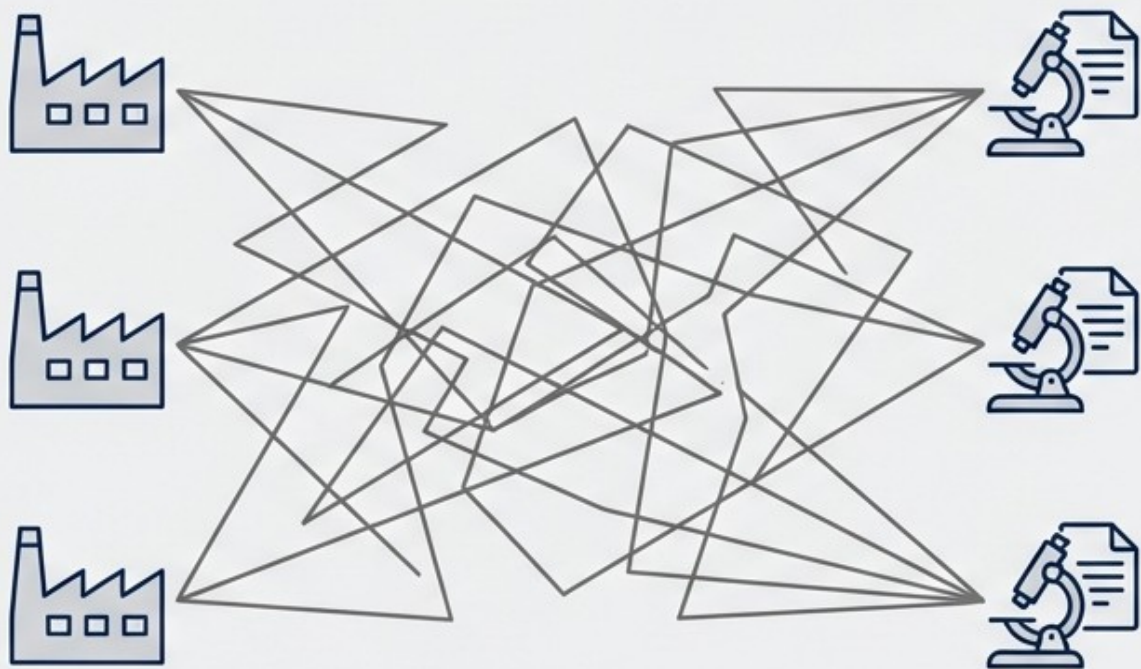

---

One application. Relevant providers.  
Accelerated path to EU compliance.

# From fragmented search to one coordinated process.

Before ECP — Fragmented market

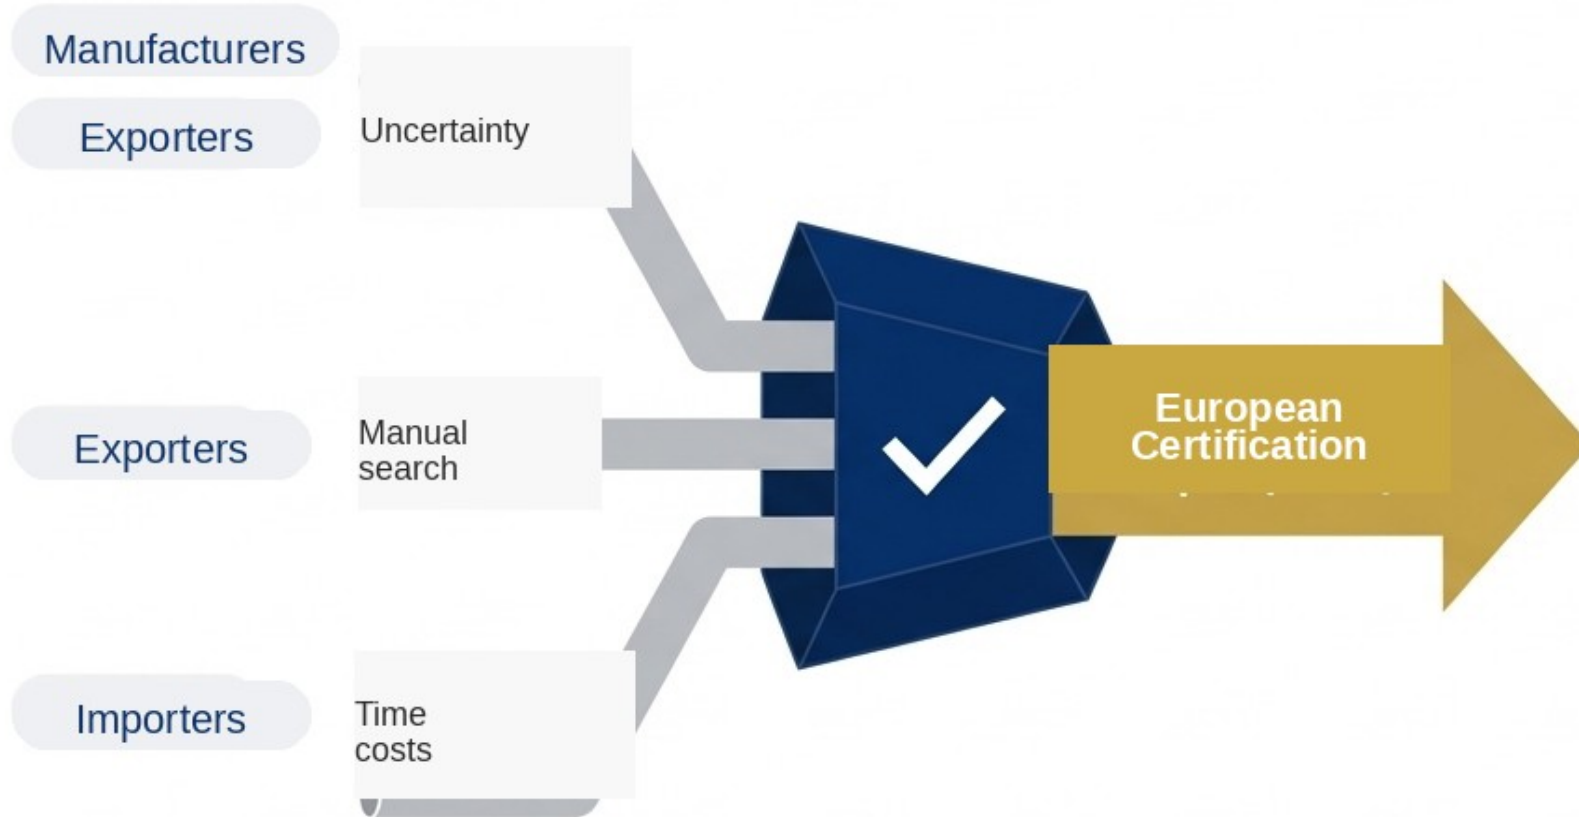

ECP ecosystem — Structured hub

The ECP platform replaces manual search and uncertainty with a single bridge connecting businesses with the right experts.

# Structured market entry to the EU without unnecessary barriers

DB

Submit one application once — get access to relevant EU providers

Reduce time costs and eliminate uncertainty in certification projects

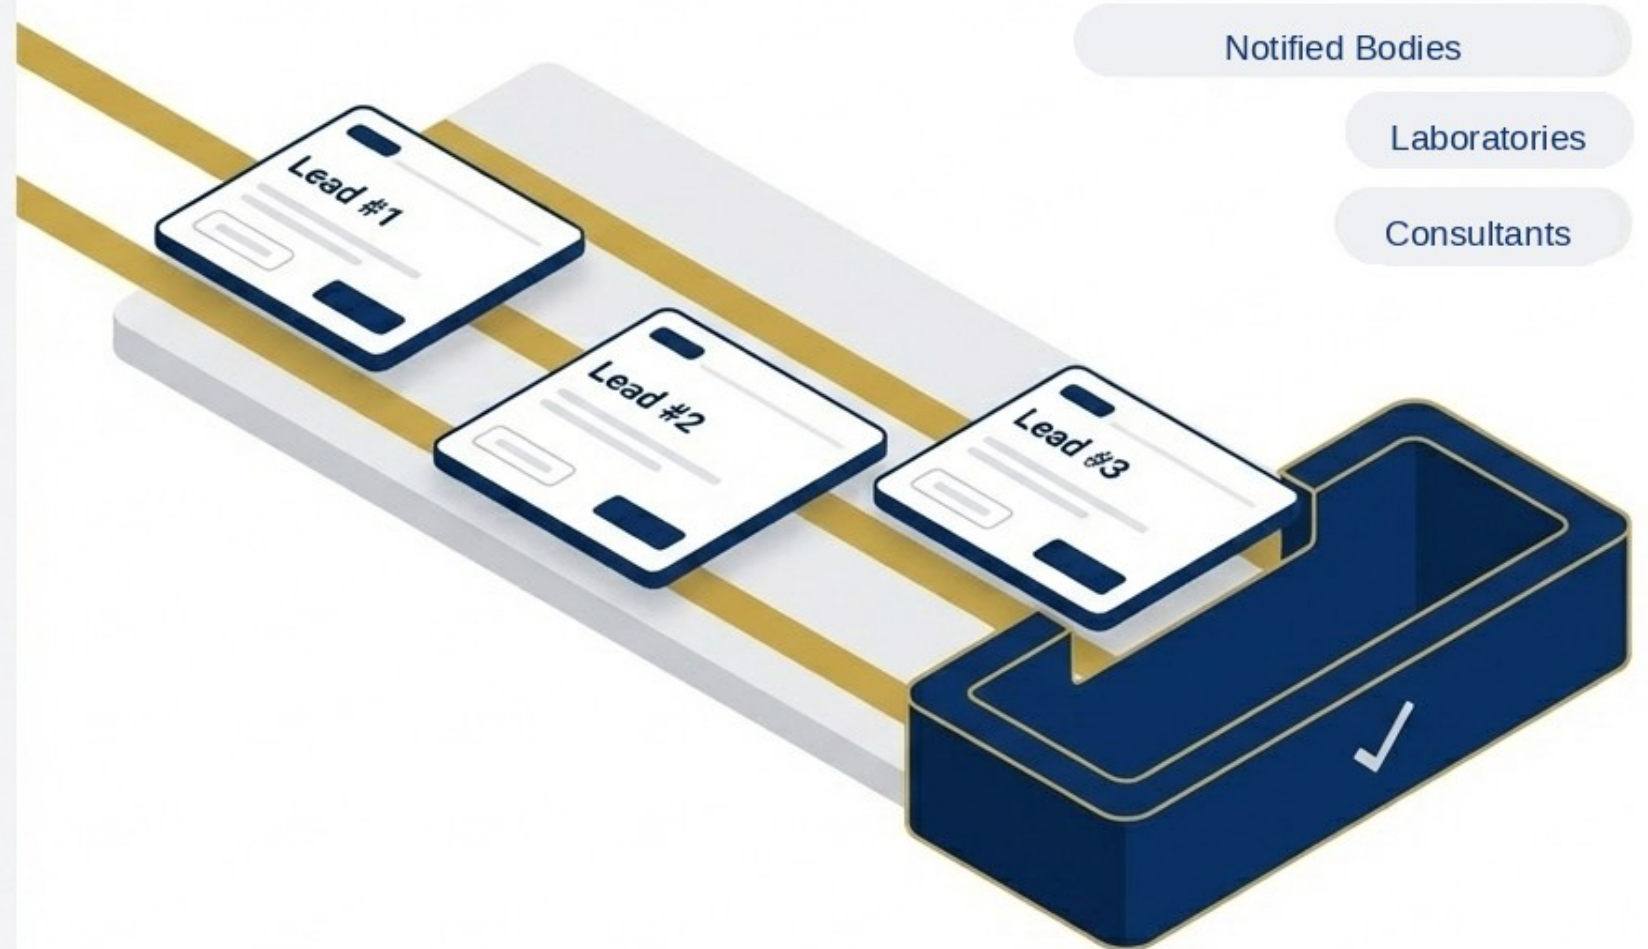

No commissions — free application submission and comparison of responses

# Qualified leads without the need for "cold" sales.

Receive relevant inquiries at early stages with less effort.

Turn your market presence into a structured flow of opportunities.

Increase visibility in the fragmented European certification market.

# Ecosystem where both sides win.

	<b>ECP for Applicants</b>	<b>ECP for Providers</b>
Finance	Completely free	Savings on client search
Process	Single application form	Only qualified leads
Outcome	Fast access to the EU market	Predictable business growth

**ECP Synergy**
